Washington, DC (Sept. 8, 2012) – Today, Rep. Elijah E. Cummings, Ranking Member of the House Committee on Oversight and Government Reform, released the following statement after Mexican federal police arrested a man accused of killing U.S. Border Patrol Agent Brian Terry:

“This arrest is a testament to the cooperation and diligent efforts of Mexican and U.S. law enforcement, and I am hopeful that it brings the Terry family a step closer to the justice that they deserve. I promised the Terry family that I would not rest until those responsible for the murder of Agent Terry were brought to justice, and I remain committed to that goal.”
